6.1 Front Panel

1 HDMI OUT 1/2/3/4

HDMI equipped displays connected to these slots will display the same content that is input from the HDMI IN slot.

NOTE

- A. This system was tested with 24AWG cables, the performance of this system may be different if using cables of a different specification.
- B. Cable distance tested with a Playstation 3 and 40" Samsung 12-bit LED TV (Model UA40B700).
- C. Figures provided in this manual are for reference only, actual performance may depend on the source and display being used along with the specification of the cable used.
